**OGGETTO: CONFLICT MINERALS**

Dear Sirs,  
this is to inform you that our Company declares that no raw material containing Columbite-tantalite (Coltan and Tantalum), gold, wolframite (tungsten), or their derivatives, is used intentionally in the production of the insulating tubing our code PVC-UL – STP125 – TTP135 – TTPA31

Based on the information received from our suppliers of the few raw materials containing tin or derivatives, these substances do not come from the DRC (Democratic Republic of the Congo) or from any other neighboring country or from conflict zones indicated in the Dodd-Frank Act section 1502 and it is our suppliers' intention not to accept tin or its derivatives that are coming from these conflict areas.

Furthermore, our supplier has informed us that they are in constant and continuous contact with their suppliers to ensure that the requirements of the Dodd-Frank Act section 1502 are observed along the supply chain.

This statement is based on our current knowledge and our experiences and extends only to the products mentioned above provided by our company in its forms and original packaging.

We are at your disposal for any further clarification.
